Delphis Eco was shortlisted for five other categories and also received an award for being the runner up to overall Green Business Champion.

Delphis Eco is a young company that makes ecological cleaning products and was the first in the UK to get EU Ecolabel, an independently certified accreditation, and is pushing the boundaries on innovation and sustainability in their sector.

Their customers include Balmoral Castle Estate, Burberry's, le Manoir aux Quat' Saisons, 800 Iceland Food stores, a number of contract cleaners etc. There is a real movement from business to go green and Delphis Eco is delighted to be able to offer a genuine product range that helps this journey.
