

ACIDDOX - H

Broad-spectrum Peracetic acid

Advantages:

- Excellent germ killing rate
- Environmentally friendly
- Excellent CIP abilities
- pH tolerant (from acid to neutral pH)
- Low Foaming
- Provides an acidified rinse and sanitizer in one

How to use:

This product is recommended for CIP, filter bowl flooding; start up sanitizing and central sanitizing. The suggested dilution for general cleaning is 100ml per 10L of water and can be used for the sanitizing of internal aluminium parts of filters, and is also effective against yeast, yoghurt, cheese and buttermilk bacteria. It has been tested at 0.2 % and is effective against vegetative bacteria within a contact time of 5 minutes.

It is effective against bacteria of particular concern to the dairy industry such as *Salmonella* sp., *Staphylococcus* sp and *Listeria monocytogenes*.

Physical Properties:

pH	: 1.5-3.0
Specific Gravity	: 1.1
Colour	: Colourless
Flash Point	: None
Rinsing Properties	: Free Rinsing
Odour	: Like vinegar
