

OXYGEN BLEACH

Colours Bleach

Advantages:

- Economical to use
- Very easy to use
- Does not weaken fabric
- No bleach odour
- Can be used for hand or machine washing.

How to use:

Add approximately 60-80g of the powder to 5kg of dry washing. The powder may be added at the same time as the normal washing powder. However, one can also soak an individual item in a separate container with about 50-60g of the powder in warm water for about 20-30 minutes.

Physical Properties:

Appearance : White powder with green speckles
Odour : None
pH : 11-12
Density : 1

Toxicology and First Aid:

Inhalation: Ensure good ventilation in the area where product is used. If throat irritation occurs, remove person to fresh air and seek medical advice if symptoms persist.

Skin contact: Prolonged exposure may cause irritation. Rinse exposed skin with clean water.

Application of skin cream may be beneficial

Eye contact: Flush eyes with clean running water for at least 15 minutes. Seek medical advice.

Ingestion: Do not induce vomiting. Drinking water or milk may be beneficial. Seek medical advice.

Storage and Handling:

Store this product in a cool, dark, locked room. This product must be stored in a place where it cannot be accidentally knocked over and it must be out of reach of children. Containers holding this product must be tightly sealed when not in use. Dispose only in accordance with Local Authority regulations, via authorised disposal agent. Do not mix with other chemicals.

The recommendations herein are based on laboratory tests and in field use experiments. To the best of our knowledge these are accurate and since conditions of actual use are beyond our control, all recommendations are made without any warranty whatsoever.
